

Women+ Data Science

April 17, 2020 | 9AM–5PM | Lake Huron Rm, MSU Union

Michigan State University and the University of Michigan are delighted welcome you to the 2020 Women+ Data Science Symposium.

The symposium provides a platform for all practicing and aspiring data scientists, but especially **women and gender minority participants**, to discuss cutting-edge research, explore resources for research and career advancement, and network with other attendees. **Everyone is welcome to contribute and attend.**

We invite talk/poster abstracts in the following areas:

- Theoretical foundations
- Methodology and tools
- Real-world applications in any research domain
- Ethics, fairness, and societal impact
- Emerging research areas
